

Welcome to the Cornerstone Health Insurance Enrollment Portal!

If you already have health insurance coverage through Cornerstone, but want to make a change, please call Concierge Customer Service at 800-820-5687 instead of going through the portal.

Cornerstone team members are supported by Concierge Third Party Administrators. Together, we want to make this process as simple for you as possible.

First, start by clicking the **Enroll Now** button on the top right of the page.

CONCIERGE

Third Party Administrator

Please enter your enrollment code to access your enrollment site.

Enrollment Code :

[Submit](#)

This link takes you to the enrollment site (mybenefitservices) where you will enter the **Axis code**.

You will then enter the registration portal.

Once on the portal, you will be able to review all the benefit package options by scrolling through the packages where you will learn all the details of the Benefit.

The scrolling packages give high-level information, but you can learn more by clicking on the **View Info** link.

Note: Make sure that you have used the pull-down menu to select the coverage you need.

Once you select a plan that works for you and your family, you can click **Add to Cart**.

An Enrollment summary will appear outlining your selections and your portion of the premiums, once you are comfortable with the selections, please select **Continue**.

On the final page, you will need to add your personal information as the member, and any dependents that will be covered. Review the authorization for payment and indemnification. And then, finally, **Submit!**
